

Recording liquids

Abstract

5 Aqueous recording fluids comprise

(a) at least one colorant which is not completely polymer enveloped,

(b) at least two wetting agents selected from alkoxylated alcohols, alkoxylated acetyl-

10 ene alcohols, alkoxylated or nonalkoxyated acetylenediols, alkylpolyglucosides, sugar ester alkoxylates, fluorosurfactants, anionic surfactants and cationic surfac-

tants.
